

Live the most animal night adventure at the zoo

An explosive combination of fun and didactic adventure, where grownups and kids will live an unforgettable experience

Arrives one of the most expected summer attractions. To the heat, the fashion terraces, the sunbathing and water baths, and a lot of summer activities, joins the traditional **Nights of the Zoo**; One more summer, the **Zoo Aquarium of Madrid** extends its schedule, so **until august 30th, every Thursdays, Fridays and Saturdays, the doors will close at 24:00 hours.**

Besides, from **July 15th until August 15th, Wednesdays and Sundays** will also be open until midnight. This experience offers the possibility of making a more personalized visit, besides of **enjoying of the pleasing temperature of Casa de Campo** during the summer nights. And over all, offers the possibility to listen the mystery of the night accompanied of the sounds of the animals.

Beside, other activities that can be done during the Nights of the Zoo will be visit the **Mysterious Nature Pavilion**, making a special tour through the collection of amphibians on display at the facility. And two more attractive proposals for the **Nights of the Zoo**: One, is the exclusive visit in small groups and accompanied of a specialized guide, to the **installation of Lemurs**, where the visitors can interact with this enigmatic habitants of Madagascar island.

The other, is the incredible nocturnal exhibition of dolphins, accompanied with an **aquatic synchronized swimming ballet**, formed of a team of six swimmers who do exercises with the dolphins, the habilities of this surprising creatures, joint to the techniques and elegance of the swimmers, presents a unique and unmatched spectacle.

And during the day, do not miss the protagonists of this summer: the babies of the Zoo. The white rhino, small anteater bear, and the baby dolphins, among other. Contemplate it is a show filled with fun and tender moments, for the smallest in their desire to interact with their cage mates and emulate in their behavior.

Remember, that the access to the Nights of the Zoo has to be done through the Kibanda gate since the closing of the principal home box office. You already know, this summer live an authentic adventure at the **Nights of the Zoo Aquarium of Madrid!**
